Fifth International Conference on Science & Technology Metrics (STMet 2024)

TIEN GIANG UNIVERSITY, MY THO CITY (NEAR HOCHI MINH)

TIEN GIANG PROVINCE, VIETNAM

OCTOBER 17-19, 2024

Co-hosted by Journal of Information Science Theory and Practice(JISTaP) and Keimyung University, South Korea

CALL FOR PAPERS   Contact: stm@socio.org.uk   www.socio.org.uk/stm

Co-organized by Keimyung University, South Korea and Journal of Information Science, Theory and Practice

Quite recently, we have witnessed the emergence of new metrics-based models aiming to reflect the growth of science and technology. The proposed Science and Technology Metrics (STMet 2023) conference concerns how many metrics may involve assessing different aspects of science and technology, which are best expressed using different approaches. Besides the standard conference track and the Doctoral Symposium, STMetrics will host several workshops and tutorials related to the conference's theme. The workshops provide participants with a friendly, interactive atmosphere for presenting novel ideas and discussing their application of metrics in Science and Technology Systems. The tutorials aim to enable the participants to familiarise themselves with theoretical and practical aspects and the application of metrics. The proposed conference includes invited talks, presentations, tutorials, workshops, and discussions. The STMet has tracks on specialized topics. The STMet addresses the themes below, but it is not limited to them.

- Altmetrics
- Citation-based metrics
- Co-working in Science
- Data Science and Digital Repositories
- Databases and datasets for evaluation
- Discipline and Domain Analysis
- Download Scientific Collaboration and cooperation analysis
- Economic factors
- E-Science in the Cloud
- Evaluation beyond Metrics
- Evaluation Tools and Indicators
- Future S & T Policies
- Innovation indicators
- Internationalization
- National Evaluation Systems
- New indices for evaluation

- Open access and open publishing
- Public Research Systems
- Ranking of Journals, Institutions, and Countries
- Research Data Access
- Science, Innovation and Economic Performance
- Scientific Journalism
- Scientific Knowledge Diffusion
- Scientific Publications
- Scientific Visualization
- Text-based Metrics
- Translating Metrics to Science Policy
- Visibility and impact
- Wearable Devices
- Web-based metrics

Keynote Speakers include Grant Lewison, King's College London; Noorgidawati Binti Abdullah, Universiti Malaya, Malaysia; Dong-Geun Oh, Keimyung University, South Korea; Sujit Bhattacharya, CSIR-NIScPR. India; Yanti Idaya Aspura Binti Mohd Khalid, Universiti Malaya, Malaysia; Eungi Kim, Keimyung University, South Korea and Vivek Kumar Singh, University of Delhi, India

All submitted papers will be reviewed by a double-blind review.

Selected post-conference modified versions of the papers will be published in the following journals.

1. Journal of Digital Information Management
2. Performance Measurement and Metrics
3. Journal of Information Science Theory and Practice

There is no further publication fee for the above journals.

Workshops on Text-based Metrics, Altmetrics, and Future Scientometrics will be organized as the part of STMet 2024

Clarivate Analytics will offer a presentation of their new products and services.

The STMet 2024 has seven keynote speakers.

A special tutorial on Text-based Research Evaluation will be presented.

Proceedings

All accepted papers will enter into the proceedings *with DOI* after final content and language editing by the editorial board.

Previous year proceedings

The past STMet proceedings are available as open access at

https://dline.info/newl/STMProceedings

Registration

Authors: $125
Non-Author Participants: $110
Co-author/Accompanying persons: $100
Student Authors: $100

Submissions at: https://socio.org.uk/stm/paper-submission/

Contact: stm@socio.org.uk

Honorary Chair
Vo Ngoc Ha, Tien Giang University, Vietnam
General Chairs
Grant Lewison, King's College, UK
Valentina Markusova, VINITI, Russia
Le Minh Tung, Tien Giang University, Vietnam
Program Chairs
Pit Pichappan, Digital Information Research Labs, India & UK
Ramesh Kundra, NISTADS, India
Daisy Jacobs, University of Zululand, South Africa
Program Co-Chairs
Amir Reza Asnafi, Shahid Beheshti University, Iran
Kazuyuki, Motohashi, University of Tokyo, Japan
Giovanni Abramo, Universitas Mercatorum, Italy
Workshop and Special Session Chairs
Muhammad Aqeel Ashraf, IAMSET, Malaysia
Ulle Must, Education and Youth Board, Estonia

Important Dates:

Submission of papers	- August 31, 2024
Notification	- September 20, 2024
Camera-ready	- October 10, 2024
Registration	- October 15, 2024
Conference Dates	- October 17-19, 2024
